Dear future residents,

Akademikerhilfe Students' Support Association bid you welcome to your new residence. Living in a students residence gives you the opportunity to enjoy the community with other students as well as your private time in your own room. Arranging your everyday life together and supporting as well as appreciating each other are important cornerstones now and for your entire future life.

Our association was established in 1921 and in November 2021 we had our 100th anniversary. So the Akademikerhilfe is a reliable partner for our residents and also for our business partners. At the moment we are running residences in eight cities here and due to that we meet housing demands of students from Vienna to Innsbruck all over Austria.

We stand for a lively community which gives you the opportunity of temporary partnerships of convenience but as well you can make up friendships for life. We are happy, if you seize the chance to be part of that tradition of the residence you chose.

Finally there is nothing more left, than wishing you the best of success for your academic studies and a good start into a new academic year!

Again, we bid you welcome to your new home!

1. Information for living all together in the residence

You have chosen to live in one of Akademikerhilfe residences.

This residence guide should answer the FAQs as well as serve residents, who have been living here already for a long time, to look up certain issues. Just in case your questions cannot be answered here, do not hesitate to ask your residence manager on site or direct your questions to the administrative central in Vienna.

1.1. *Akademikerhilfe Association for supporting students*

Akademikerhilfe is a non profit association which is operating students residences all over Austria. Our team assists you in registering for a room (Studentservice), checking into the residence (residence managers on site), your monthly payment (Accounting Department), technical issues (residence technicians on site) up to finally checking-out again (residence managers on site). With all that we are always concerned in meeting your demands to your full satisfaction.

Our experience is our success: Since 1921 Akademikerhilfe (short form: AH) is building, preserving and running students residences. We really appreciate that you also decided for one of our residences!

1.2. *Bicycle Parking*

Please only use the certain bicycle parking areas (bike racks etc).

Parking your bicycle in your room, in the floors, on the balconies, stairways or common public rooms is not allowed.

1.3. *Cleaning*

Basically you have to clean your room by yourself. Cleaning Service of public areas and public rooms is done by Akademikerhilfe without being an obligatory part of the housing contract and is not a service which is covered by the monthly housing fees, but it is an extra service, which is free for our residents until further notice. In case cleaning public areas need extra work and time as usual this extra costs may be forwarded to the residence community or the responsible resident(s).

Once or twice per academic year there may be announced room checks. In case the room is dirty or full of trash, a deadline will be set to clean the room. If the room is not cleaned by that deadline, the room will be cleaned by Akademikerhilfe and the resident has to cover the costs therefor.

You do not need to be on site during the announced room checks, these will also be done, when you are absent.

Whenever you check-out or you change rooms you will have to pay a cleaning fee. The current cleaning fees can be looked up under „other fees“ on our website.

1.4. *Contract Cancellation by resident*

All details concerning a contract cancellation you find in your housing contract under X/1.

1.4.1. *Check-Out*

After you cancelled your contract, haven't prolonged your running contract or only have a temporary contract at all, please contact your residence manager to check what needs to be done for check-out (room check, returning keys, legal deregistration etc.).

After the room check and returning the keys the check-out is done. In case of damages in the room caused by you, expenses for repairs etc. will be withdrawn from your deposit. If the costs are higher than your deposit you will be informed about the amount, which has to be paid.

1.5. Deposit

You have to pay a deposit. Detailed information you can find on our website www.akademikerhilfe.at in the topic „other fees“.

Concerning the housing contract the Akademikerhilfe returns the deposit after 45 but within 60 days after contract ending, if you left your room in time and in conditions meeting our guidelines. The final cleaning fee will be withdrawn from the deposit before refunding.

Please check your bank details you forwarded to us before we return the deposit.

1.6. Dishes and kitchenware

Dishes, cutlery, pans and pots need to be brought by yourself.

In some residences you may order and buy a basic kitchen package. Please contact your residence manager for detailed information, if the package is available in your residence and at what price. (right at the moment available in: Graz, Klagenfurt, Linz, Leoben and Pfeilgasse 3a)

1.7. Electronic Devices

Akademikerhilfe does not take any responsibility or liability for parked/stored bicycles.

1.9. Fire Alarm System/Fire Safety Guidelines

The current version of our Fire Safety Guideline is integrated part of our housing contract and needs to be followed.
